

August 10, 2020

Cowboys and Cowgirls,

It is with deepest regret that I have to inform you all that the 2020 Star City Shootout VA State SASS Championship has been cancelled. After much deliberation and sleepless nights, we have determined that due to the safety requirements in place by the Governor with respect to social distancing, and guidelines set forth by SASS related to Covid-19, we feel that we cannot provide a match that meets what you as a shooter expect, or us as the host should provide. I understand the disappointment, trust me I feel it as well. However, we feel it is better to cancel this year's match than to attempt to hold a match that is not reflective of what you as a shooter should expect from a State level event. Rest assured we will be back next year with a great match! I appreciate your understanding and wish you all good health in these trying times.

With deepest regards,

Mad Dog Irv, Match Director
